ABORIGINAL PEOPLE
The term Aboriginal is comprised of the Latin prefix ab meaning from, and the Latin word originalis meaning origin. Indigenous peoples are any ethnic group who inhabit a geographic region with which they have the earliest known historical connection.

Revelation 7:9 After this I beheld, and, lo, a great multitude, which no man could number, of all nations, and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands; 10 And cried with a loud voice, saying, Salvation to our God which sitteth upon the throne, and unto the Lamb. 11 And all the angels stood round about the throne, and about the elders and the four beasts, and fell before the throne on their faces, and worshipped God, 12 Saying, Amen: Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen.

We would like to talk to you as a friend and forget the Roman "mind" that has survived all this time. We would like to talk of the evils and virtues that usually escape this argument. Rome vs the rest of us! We would like to talk about the nature of Rome and for this we will need some time. We will begin to speak of things that have been hidden when the libraries were burnt and the children were taken from their parents. So many centuries ago. And finally hidden from much of the modern generation. Though the tactics have remained largely unchanged. From the tower of Babel to Rome the history of civilization has been glorified. And the natives condemned. Please understand, I in no way, am trying to justify any evils, of any kind, done by anyone. This whole film will be slightly off subject, Starting with ancient Rome, going back to the tower of Babel till the present. I'm sorry but it will probably hop subject to subject. From archeology to Roman military tactics, mind sets taken from movies & truth hidden in myth, In the historical city of confusion, history as told by movies & truth hidden from history. Let compassion guide our way and patience temper our mind. And we will care for the truth & not be forced to accept anything wrong. In this film there will be a few threads from beginning to end. What it meant to have Roman protection. What is the evidence for history and what it meant to be barbarian.

Proverbs 28:2 For the transgression of a land many are the princes thereof: but by a man of understanding and knowledge the state thereof shall be prolonged. "If you want to rule the whole World, does it follow that everyone else welcomes enslavement? To robbery, slaughter, plunder, they give the lying name, 'freedom'. They make a wilderness and call it peace" Words from a certain native of Britain Cornelius Tacitus 56-117 said "The more corrupt the state, the more laws" "When monarchs through their bloodthirsty commanders lay waste a country, they dignify their atrocity by calling it 'Making Peace'" Columbus when he first saw the island he said it was "very big and very level and the trees very green . . . The whole of it so green that it is a pleasure to gaze upon." And it was the process that soon happened on this island that Rome has always used. The complete destruction not just of its people. But its animal life plant, bird and fish. And after they were done they left. The Roman view of the world is much of the question of this film. The Romans said that the Huns had compact, sturdy limbs and thick necks. They are so hideously ugly and distorted that they could be mistaken for two-legged beast or for those images crudely hewn from tree stumps that can be seen on the parapets of bridges. Although the Huns have the shape---albeit repellent---of human beings,
